

## Join our *Advisors Program* today!

**“VON’s *Advisors Program* helps to bring your voice to improving every aspect of our care.”**

**Jo-Anne Poirier, President and CEO**

### What is the opportunity?

If you or your family member has current or past lived experience receiving home or community care through VON, (examples include visiting nursing and personal care, meal delivery or preparation, transportation, day programs or respite) please consider joining our *Advisors Program*.

Your participation will help VON plan and deliver improved care experiences – help us learn through your experience!

### Why is VON developing an *Advisors Program*?

VON’s *Advisors Program* intends to foster connections with those we serve. We are committed to delivering exceptional care and service to our clients and communities, and one way to do that is by listening and learning from you.

VON’s *Advisor’s Program* aims to capture diverse perspectives and needs. Advisors will provide input and feedback on VON’s projects, programs, policies and service delivery methods.

### How will we meet?

Meetings will take place virtually, on Zoom. When possible, and safety guidelines permit, we will meet in person. Meeting frequency will be based on participants’ preferences.

### How can I join?

If you are a VON client, caregiver or family member and you want your voice to be heard to help us serve people in the best possible way, please fill out an [expression of interest form](#), or email us at [engagement@von.ca](mailto:engagement@von.ca).
